# Fractional Ownership The Brochure

Making Dreams  
Come True...

# DISCOVER MORE ABOUT FRACTIONAL OWNERSHIP OF A FREEHOLD PROPERTY

## Don't Let Property Prices Stop You from OWNING Your Share of the Costa Lifestyle

[WWW.PROPERTYOPTIONSFRAGMENTAL.COM](http://WWW.PROPERTYOPTIONSFRAGMENTAL.COM)

Jan and Mike Reynolds who come from Devon in the United Kingdom visit the Costa del Sol for six weeks in Spring and six weeks in Autumn. Their three bed, two bath penthouse is within a small urbanisation which has four swimming pools, tennis courts, well maintained mature gardens, is 150m from the beach and only ten minutes drive into Marbella.

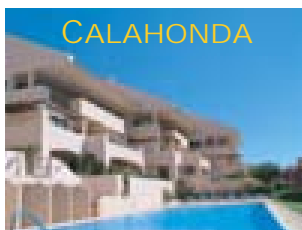

Jan & Mike Reynolds enjoying an afternoon on their terrace

By co-owning, they not only made huge savings on the purchase of the property but also benefit from sharing the running costs e.g. furnishings, water, electric, community charges etc. Jan and Mike also like the fact that they have no need to worry about leaving the apartment unoccupied when they are in the UK. If it is not being used by one of the other three owners it is being looked after by the team at Property Options Management Services. Offering total flexibility, they can swap any of their weeks with other owners of their property or travel to other destinations using a unique exchange system with other freehold property owners around the world. Jan and Mike can also rent out the apartment if they choose and are free to sell at any time.

CO-OWNERSHIP OF A FREEHOLD PROPERTY IS NOT TIMESHARE

The complex enjoys splendid sea and mountain views and is just 200m from a fabulous marina. With additional views and direct access to the next door golf course, the location really is a splendid location to sit back and enjoy the scenery. The swimming pool and tennis courts add to the activities that can be enjoyed at your doorstep. Combine all this with cosmopolitan Marbella and the night-life of Puerto Banus being just a short drive away, and you truly have all you need from your home in the sun.

## **What is Fractional Ownership?**

The dream to own a beautiful holiday home on the Costa del Sol, with its wonderful year round climate is, for most people a substantial financial investment. This may be quite difficult to justify, especially as the property will not be used all year. Most people when purchasing will only be able to use their property for a maximum of two or three months of the year.

### ***The alternative...Fractional Ownership!***

For a much smaller investment you will become a part owner in a property of your choice, be it a one bedroom apartment or a magnificent four bedroom villa.

The system works very simply. There are three distinct matrices allocating your usage throughout the year. At the time of purchase, you simply choose the matrix that best suits you and your family's needs.

*(This is not timeshare!)*

Each owner will also have the details of the other three owners of the property and as you are all 'shareholders', should you wish to swap your weeks you only have to agree amongst yourselves. As a shareholder you can also sell your investment at any time or rent out the periods when you will not be using it!

Every property is purchased fully furnished to the highest standard, ensuring comfort and luxury during your stay.

A professional management team will take care of the maintenance and administration of your luxury home.

For some, the fractional ownership will be the first step towards a larger investment, after savouring the wonderful climate and atmosphere that only the Costa Del Sol can offer!

## ***Description of Ownership Periods***

### **Matrix A**

This is ideal when you who wish to spend up to 12 consecutive weeks in your second home. Each 'season' has its own distinctive benefits; you may wish to enjoy sunshine and mild temperatures when winter has really set in at home. Whichever 'season' you decide on when making the agreement, the home is yours for one quarter of the year, every year. Prices do reflect the demand of the particular block(s) that you own.

### **Matrix B**

This matrix allows a little more flexibility. You can own any number of blocks of six week periods of the year. This is perfect for owners wishing to experience different times of the year on the Costa, or when commitments back at home make it easier to come out twice rather than take three months off. Prices do reflect the demand of the particular block(s) that you own.

### **Matrix C**

Our most flexible option really allows each owner of a Fraction to experience each and every season on the Costa del Sol. With two weeks guaranteed in the most popular weeks of July and August, you can enjoy the heat of the Costa's summer or sit back at home and enjoy the rental income. The rotating nature of this matrix gives you the opportunity to visit the Coast more regularly for periods of up to four weeks.

### **Matrix D**

In response to feedback from a significant number of clients, we have introduced Fractions that last the duration of each calendar month. For example own your property outright in; **January** for winter sun and golf, **July** for school holidays and rental income, and **September** to enjoy comfortable warmth at the end of summer.

### **Matrix E**

Similar to Matrix B and split further into three week periods.
